The image shows a large, modern interior space designed for workshops. On the right, rows of light-colored folding chairs are arranged facing a large projection screen displaying a presentation. The ceiling is high with exposed concrete beams, ductwork, and modern lighting fixtures. On the left, there is a lounge area with colorful modular seating in shades of green, blue, and orange, along with small round tables. The floor is a light, neutral color. The overall atmosphere is bright and professional.

A perfect place for

EMPLOYMENT FAIR

George Logus | President of Kyiv School of Economics

It's a wonderful thing. It's a completely different thing to talk live to people here instead of looking for a job on the Internet. People usually ask for advice, so we share how to make a decision about a new job, etc.

Ivan Synyakov | NJSC Naftogaz of Ukraine

NJSC Naftogaz of Ukraine is grateful to the Kyiv Post team for hosting its Employment Fair at such a high level. Participation in the event allowed the company to hire highly qualified specialists in different fields. At the Employment Fair, companies have great opportunities to present themselves as employers and find outstanding professionals who have excellent communication skills, can work in a team, and who are proficient in foreign languages.

Olena Grysiuk | Business Development Manager, Mazars Ukraine

Each year participation in the Kyiv Post Employment Fair gives a tremendous opportunity for hundreds of talented and inspired people to get the job of their dreams. The same happened to me. In autumn 2014 I came to the Kyiv Post Employment Fair in search of challenging vacancies in international companies with good reputations. It was the right place to achieve my goal.

Yulia Sytnik | Head of Support Functions, Mazars Ukraine

We were happy to participate in the Employment Fair! Everything was great. We met a lot of students and young specialists and had job interviews with some of them. Now we have candidates for junior positions.

Irina Blinova | Senior Manager, PwC Academy Leader

The Kyiv Post Employment Fair is a useful and modern initiative which helps gather highly professional candidates and future specialists in one place. We are always glad to take part in such events with our PwC Academy master classes. It is interesting to share knowledge with colleagues, students and graduates. Thank you, Employment Fair organizers team, for our longstanding cooperation.

Daria Guram | Visitor

I find the Employment Fair perfectly organized, so there is always a chance to find something. The attitude to visitors is very good.
